

Titan Vic Excavator Quick Couplers

Titan Tough Features

Efficient

- Easy to use Titan Quick Couplers provide efficient attachment changes from the cab - hydraulic models in seconds & manual models in 3-5 minutes
- Allows one machine to perform a variety of tasks, switching work tools on demand

Safe

- Safe to use with hydraulic or mechanical safety systems or a combination of both
- Wedge locking system provides positive hook retention. Automatic wear compensation keeps work tools coupled tightly at all times
- Safety check valve standard on hydraulic models
- Built to AS 1418.8-2002 Cranes, hoists and winches – Special purpose appliances
- A lifting lug rated for the weight of the coupler is standard

Quality

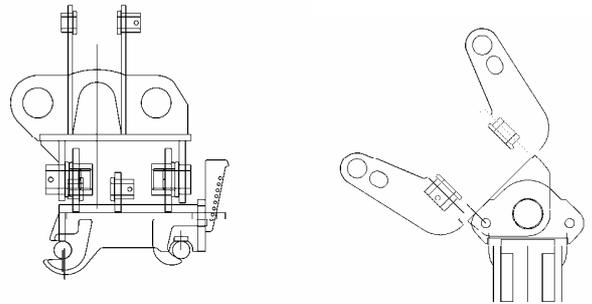

- Design self-adjusting for wear
- Quality high tensile grade 350 steel
- Quality heavy duty bushing, pins, cylinders, hoses and fittings
- 12 month parts and labour warranty

Models

- Manual or hydraulic
- Tilting option allows any attachment to be angled precisely to position it as the work demands; a key feature in backfilling, ditch cleaning, grading & sloping operations
- Sizes to suit all excavator makes & models from 1 to 50 tonnes
- Colour matching available

Service & Spares

- All service items are readily available
